Subject: Laramie's Park & Rec Master Plan

Dear Albany County Commissioners:

I understand that you will take up the Albany County Planning and Zoning Commission comments on the Laramie Parks and Recreation Master Plan at your meeting October 21. This message is to affirm my strong support for the PZC recommendation that all the map symbols on private property outside the Laramie city limits be removed.

RE: City of Laramie Draft Parks and Recreation Master Plan

Dear Parks and Recreation Ad Hoc Committee:

Thank you for all the time and effort that has been put into creating a Parks and Recreation Master Plan for the Laramie community. We recognize the need to plan for the future needs of parks and recreation in Laramie as well as the public input process used to solicit feedback from a variety of stakeholders in the community. However, it has come to our attention that many County residents (property owners outside municipal boundaries) do not agree with parts of this plan that include property outside the City's municipal boundaries.

After over two hours of public testimony, the Planning and Zoning Commission unanimously approved two motions to address the issues they heard from rural County residents. The first motion recommended that the Board of County Commissioners request removal of any icons included on the City's Draft Parks and Recreation Master Plan Maps (including maps currently on the City's website) that exist outside of the City of Laramie municipal boundaries. The second motion asked the Board of County Commissioners to deny any requests from the City to concur with this draft plan, until substantial changes are made as it concerns areas outside the City.

The Board of County Commissioners relies heavily on the Planning and Zoning Commission recommendations concerning land use planning issues in the County. After receiving the Planning and Zoning Commission's report, we respectfully request that all icons representing any type of proposed park; trail; natural area; or recreational facility shown on private property outside of the City of Laramie, be removed immediately from maps included in the Draft Parks and Recreation Master Plan. George Hurd made an alternative suggestion to use a legend noting the icons without actually placing them on the specific properties. Most importantly those available for public viewing on your website.

TIM CHESNUT
COMMISSIONER

TIM SULLIVAN
COMMISSIONER CHAIRMAN

JERRY M. KENNEDY
COMMISSIONER

We thank you for your consideration in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Tim Sullivan". The signature is fluid and cursive, with the first name being more prominent.

Albany County Commissioners

Honorable Commissioners:

It has come to our attention that the City of Laramie has drafted a plan, referred to as the PTRMasterplan, outlining their intentions for proposed parks, play lots, recreational facilities, trails, paths, etc. to be placed on privately owned county land. They have already produced maps with icons/symbols placed on private property representing their future plans. These icons/symbols were put on the maps and distributed without the knowledge or permission from the property owners involved.

Although the proposed plan is currently mapped on properties around and near the City of Laramie boundaries, they are mapped as far south as the Hutton Lakes, a federal migration waterfowl refuge, which boundaries several privately owned ranch lands.

As ranch owners in that area, we do not approve of this type of overreach by the City. Placing icons/symbols on privately owned properties without the knowledge and permission of the property owners is totally unacceptable. The proposed plan does not currently affect our properties, but we will continue to be proactive in the future with respect to this type of overreach by the City.

Our ranches represent over 50,000 acres of County land in the general area of the Laramie River drainage starting at Laramie and continuing to the Woods Landing area, and we are requesting that this letter be posted and made a part of public record. We intend to bring the other ranches in the area on board with us which constitutes over 100,000 acres of land. If this overreach by the City of Laramie into the jurisdiction of the County continues to go unchecked, it has the potential of spreading like "cancer", and will complicate and possibly negate any financing, transfer, and sales of land, ranches, and residences, etc.

This situation has the potential of unnecessarily financially burdening property owners, and will have a very detrimental impact to the Albany County economy.

Gary Spiegelberg Ranches
Sand Creek Ranch
Churches Ranch
Lewis Ranches

Subject: Petition for Oct. 22 meeting
Attachments: Recreation Systems Master Plan Petition.pdf

Dear Parks and Recreation Master Plan Ad Hoc Committee,

Attached is the text to a petition submitted to the County Commissioners this morning. It was signed by 277 residents of Albany County. The pdf of the signed petition is too large to send via e-mail; however, Ms. Owen will provide you with hard copies prior to tomorrow's meeting.

Please consider and discuss this petition tomorrow.

Sincerely,
Kimberly Starkey

PETITION REGARDING THE CITY OF LARAMIE'S PROPOSED RECREATION SYSTEMS MASTER PLAN - 2014
 SUBMITTED TO THE LARAMIE CITY COUNCIL ON Oct. 21, 2014
 AND THE ALBANY COUNTY BOARD OF COUNTY COMMISSIONERS ON Oct. 21, 2014

We, the undersigned, respectfully request that the Laramie City Council remove all references to the items enumerated below from the "Recreation Systems Master Plan" and symbols depicting these items on associated maps prior to adoption of the Plan, and remove all references to and symbols depicting the enumerated items from all city planning documents and maps. (including those found on the City of Laramie's website):

1. proposed or future parks, playgrounds, playlots, paths, bike lanes, trailheads, recreation sites, and natural areas outside the city limits and located on private property, unless written permission has been granted by the property owner(s)
 2. proposed or future paths and bike lanes outside the city limits and located on privately-maintained roads and streets, unless written permission has been granted by those who maintain the roads or streets
 3. proposed or future trailheads inside or outside the city limits or on city property which about private property but not public property suitable for trails, unless written permission has been granted to the City of Laramie for trails or the City of Laramie has received a legally-agreed-to easement for trails by the private property owner(s)
- Furthermore, we the undersigned, respectfully request that the Albany County Board of County Commissioners DO NOT vote in favor of concurrence with adoption of the City of Laramie's Recreation Systems Master Plan and associated maps until and unless all references to and symbols depicting the previously enumerated items are removed.

PETITION REGARDING THE CITY OF LARAMIE'S PROPOSED RECREATION SYSTEMS MASTER PLAN - 2014
 SUBMITTED TO THE LARAMIE CITY COUNCIL ON Oct. 21, 2014
 AND THE ALBANY COUNTY BOARD OF COUNTY COMMISSIONERS ON Oct. 21, 2014

SIGNATURE PAGE 15/21

We, the undersigned, respectfully request that the Laramie City Council remove all references to the items enumerated below from the "Recreation Systems Master Plan" and symbols depicting these items on associated maps prior to adoption of the Plan, and remove all references to and symbols depicting the enumerated items from all city planning documents and maps, (including those found on the City of Laramie's website) ~~or~~ ^{if} proposed or future parks, playgrounds, playlots, paths, bike lanes, trailheads, recreation sites, and natural areas ~~outside the city limits~~ and located on private property, unless written permission has been granted by the property owner(s)

1. proposed or future parks, playgrounds, playlots, paths, bike lanes, trailheads, recreation sites, and natural areas outside the city limits and located on private property, unless written permission has been granted by the property owner(s)
2. proposed or future paths and bike lanes outside the city limits and located on privately-maintained roads and streets, unless written permission has been granted by those who maintain the roads or streets
3. proposed or future trailheads inside or outside the city limits or on city property which abut private property but not public property suitable for trails, unless written permission has been granted to the City of Laramie for trails or the City of Laramie has received a legally-agreed-to easement for trails by the private property owner(s)

Furthermore, we the undersigned, respectfully request that the Albany County Board of County Commissioners DO NOT vote in favor of concurrence with adoption of the City of Laramie's Recreation Systems Master Plan and associated maps until and unless all references to and symbols depicting the previously enumerated items are removed.

Dear PTR Committee Members,

As a former chair of the Albany County Planning and Zoning Commission, I feel compelled to comment after this morning's Boomerang article regarding the Master Plan "dust-up."

I am sure one of the people interviewed in the article meant no disrespect, and is perhaps a veteran himself, but to compare a paper plan to Pearl Harbor is above and beyond - and, sadly, reflects the highly contentious approach taken by a small group of county residents pursuing a particular ideology (not to mention lacking a basis in fact, as Mr. Harrison pointed out). It was a continual source of puzzlement to me as a county planning and zoning commissioner to listen to residents of heavily covenanted subdivisions express the opinion that regulation reduces property values. Moreover, almost daily there is a real estate ad in the paper touting mountain properties with access to the national forest - more expensive than properties without access.

According to local news coverage, the recent "visioning" process conducted by local economic development leaders resulted in a outdoors/recreation-oriented perspective: that is, that Laramie should look toward communities like Bozeman as a model. We will not look like Bozeman if the master plan ends at the city limits. Polling done for the Albany County Comprehensive Plan, the thousands of winter visits logged at Tie City, the popularity of multiple local bike and outdoor/hunting/angling gear shops and the Greenbelt, the hundreds of people who participate in each year's UW gear swap, etc. etc. etc., all point to the importance of parks, trails and recreation in our local economy - an economy that provides jobs and services for ALL residents of Albany County.

Many of the same folks before you now opposed strengthening the county's Casper Aquifer protection plan. You may be aware that a majority of the county commissioners ditched the improved plan that the county planning and zoning commission worked on for (literally) years, adopting a substitute plan at the last minute without discussion. I recently learned that language in this un-vetted plan now has been interpreted to negate the requirement for site-specific studies of certain proposed developments. This is a poor outcome for Albany County residents both inside and outside the city limits and it would be a shame to repeat it with the PTR Master Plan.

Unfortunately I cannot attend your meeting due to my work schedule, but I strongly (and sympathetically) urge you to carry on your work as you have envisioned throughout the many months you have devoted to it as community volunteers.

Sincerely,

Sarah Gorin
